

Lightspeed Filter™

Lightspeed blocked over 72 million visits to mature sites within 3 months alone.

In a recent study assessing CIPA compliance, Lightspeed Filter was the only solution to successfully block all pornographic content tested, compared to competitors.

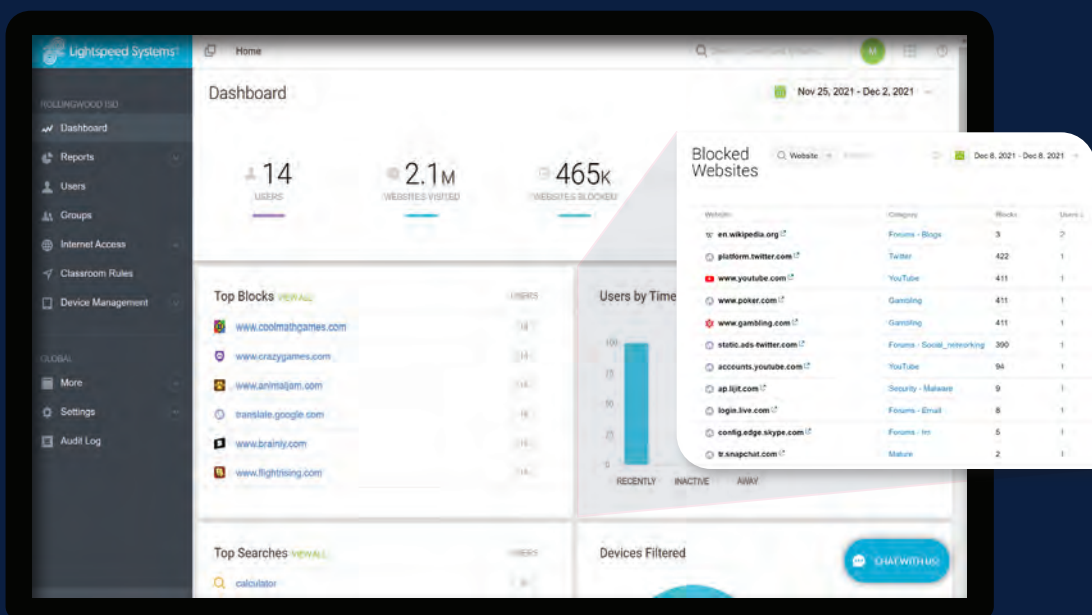

Protect students from harmful online content

Keep students safe from inappropriate or illicit online content 24/7. Lightspeed Filter™ is the best-in-class solution that acts as a solid barrier to harmful material to ensure student online safety.

- **Powered by the most comprehensive database** in the industry built through 20 years of web indexing and machine learning.
- **Ensure CIPA compliance** with the only student online safety solution found to filter 100% of pornographic content out-of-the-box.
- **Use advanced AI technology** to block millions of inappropriate, harmful, and unknown sites, images, and videos. Lightspeed Filter helps technology teams scale student safety with our cloud-based, device-level protections that work across all devices, operating systems, and learning environments.

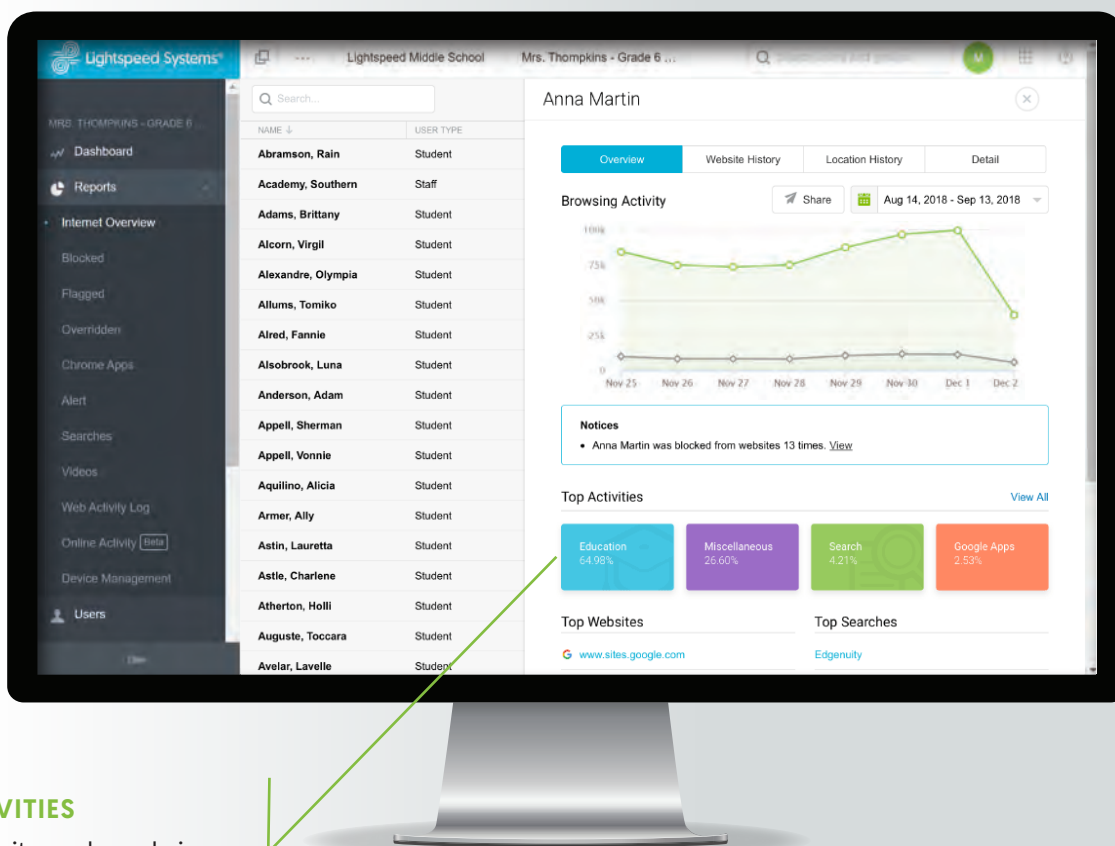

DASHBOARD

Have instant visibility of all student and staff content consumption to and from the Internet. Know your district's top blocked sites, top searches, and most and least successful users of online content.

INTERNET OVERVIEW

See all online traffic in a school or district. Enable users to drill down from the district level, to the school level, to a specific classroom, to a select group of students, or to an individual student.

TOP ACTIVITIES

See top websites and apps being used and identify who's using them.

ONLINE ACTIVITY REPORTING

The Online Activity report provides all the data schools and districts need to operate a remote or hybrid educational model effectively. See individual device activity by time of day, inactive students, highest and lowest educational content consumption, and more for data-driven decisions.

Lightspeed Solution Suite

With Lightspeed Systems®, everything your school or district needs to ensure the safest, most effective online learning experience possible is available in an integrated platform.

Lightspeed Filter™

What sets Lightspeed Filter™ apart?

Fast and accurate roster syncing: Simultaneously sync any combination of student information systems (SIS) and directory services to one centralized place with Lightspeed SmartSync™ technology.

Flexible policy management: Quickly locate and manage group policies, reports, and more with quick search functionality, sophisticated hierarchical breadcrumb navigation, and granular group filtering with Lightspeed SmartPolicy™ technology.

The Most Precise Web Filter: With 138 categories that differentiate sites such as adult gaming versus educational gaming, Lightspeed Filter is the most precise web filter on the market ensuring comprehensiveness without over blocking, unlike other filters.

Adaptive AI Database: From 20 years of web crawling, Lightspeed has the most mature and complete K-12 database in the industry leveraging machine learning and human review by data scientists and to block inappropriate, new, and **unknown sites** and allow access to valuable educational materials.

Easy SSL Decryption: Provide multi-OS SSL decryption without the need to configure proxies, PACs, or trust certificates. Lightspeed SmartAgents™ put the power of a filter inside each device.

Granular YouTube Controls: SmartPlay™ takes control of YouTube. Allow educational videos and block inappropriate content, thumbnails and time-wasters—in just a click.

Dynamic Reports: Get high-level data on device use or detailed, granular reports on individual students. Lightspeed Systems® offers the most powerful, actionable, and shareable reports.

Powerful Features

- | | | |
|---------------------------|------------------------------------|--------------------------------|
